Dear Lord, let us be still for a moment and realize that thou art God, the Almighty. Teach us how to pray, and what to pray for. When we ask for what we need, help us to lend ourselves to thee, to get the right answers. In these last rush hours of this session may everything be done with dispatch, with ease, a minimum of error, and a great deal of accuracy. Grant these public servants physical, mental, and spiritual strength for this strenuous task. In Jesus' name. Amen.

MESSAGES FROM THE GOVERNOR

VETOED BILL 1965 REGULAR SESSION

The following messages from the Governor were read:

The Honorable James E. Connor June 2, 1965
President of the Senate

Dear Sir:

Pursuant to the authority vested in me as Governor of Florida under the provisions of Article III, Section 28, of the Constitution of this State, I hereby transmit to you with my objections, Senate Bill 1075, enacted by the Legislature of 1965, and entitled:

"An act relating to Okaloosa county, board of county commissioners; authorizing the board of county commissioners to hold special meetings in the Okaloosa county island authority building; providing an effective date."

This bill allows the county commissioners of Okaloosa county to hold special meetings in the southern portion of Okaloosa county at the Island Authority Building. Article 16, Section 4, of the Constitution of the State of Florida provides that the county courthouse be the official office of county officials and that all records of such officials shall be kept there. In light of this provision and in response to a strong public policy to have all public business conducted at the county courthouse provided for such, I am of the opinion that this legislation would not be in the best interest of the people of Okaloosa county.

For the foregoing reasons, I am withholding my approval from Senate Bill 1075, regular session of the Legislature, 1965, and do hereby veto the same.

Respectfully,
HAYDON BURNS
Governor

The President put the question: "Shall the bill pass the Governor's objections to the contrary notwithstanding?"

SB 1075 (1965 Regular Session) failed to pass. The vote was: Yeas—None. Nays—37.

Amendment 1—

In Section 1, strike: Section 1. and insert the following:

Section 1. Chapter 450, Florida Statutes, is amended by adding section 450.13 to read:

450.13 Employment of children by motion picture and television studios; rules and regulations; procedure, etc.—

(1) Children within the protection of our child labor statutes may, notwithstanding such statutes, be employed by motion picture studios, television studios and legitimate theaters, in the production of motion pictures, legitimate plays and television shows, in any work not determined by the Florida industrial commission to be hazardous, or detrimental to their health, morals, education or welfare.

(2) The Florida industrial commission shall, as soon as convenient, and after such investigation as to said commission may seem necessary or advisable, determine what work, in connection with the production of motion pictures, legitimate plays and television shows, is not hazardous, or detrimental to the health, morals, education or welfare of children within the purview and protection of our child labor laws. When so adopted such rules and regulations shall have the force and effect of law in this state.

(3) Motion picture studios, legitimate theaters and television studios wishing to qualify for the employment of children in work not hazardous or detrimental to their health, morals or education, shall make application to the Florida industrial commission for a permit qualifying them to employ children in the production of motion pictures and television shows. Upon the filing of such application the said commission shall investigate the age, school record and attendance and the health of the children named and whether or not employment of the child named in the production of motion pictures, legitimate plays and television shows would be detrimental to it. Upon completion of the investigation, the commission shall issue certificates of identification of those children who satisfactorily meet the requirements of its rules and regulations and the statutes of this state. The commission shall place upon an eligibility list the names of the children to whom certificates of identification are issued and it shall be presumed that any child for whom such a certificate of identification may be issued is eligible for employment, unless such certificate be revoked or suspended by the commission for cause.

(5) Any duly qualified motion picture studio, legitimate theater or television studio may employ any child holding a certificate of identification, as aforesaid; provided, however, that if any studio or theater employing a child causes, permits or suffers it to be placed under conditions which are dangerous to the life or limb or injurious or detrimental to the health or morals or education of the child, the right of that studio or theater and its representatives and agents to employ children as provided herein shall stand revoked, unless otherwise ordered by the commission, and the person responsible for such unlawful employment shall be guilty of a misdemeanor.

(6) Any motion picture studio, legitimate theater or television studio and its agents employing children hereunder are required to notify the commission, showing the date of the commencement of work, the number of days worked, the location of the work and the date of termination.

SJR 431—A joint resolution proposing an amendment to paragraph (b), article IX, section 16, of the constitution, to increase the membership of the state board of administration from three (3) members to seven (7) members by the addition thereto of the secretary of state, the attorney general, the superintendent of public instruction, and the commissioner of agriculture; providing for submission to the electors.

Be It Resolved by the Legislature of the State of Florida:

That paragraph (b), article IX, section 16, of the Florida constitution, be amended as set forth below and that said resolution be submitted to the electors of Florida for ratification or rejection at the general election to be held in November, 1966:

Said board shall have, in addition to such powers as may be conferred upon it by law, the management, control and supervision of the proceeds of said two (2) cents of said taxes and all moneys and other assets which on the effective date of this amendment are applicable or may become applicable to the bonds of the several counties of this state, or any special road and bridge district, or other special taxing district thereof, issued prior to July 1st, 1931, for road and bridge purposes. Said board shall have the

power from time to time to issue refunding bonds to mature within the said fifty (50) year period, for any of said outstanding bonds or interest thereon, and to secure them by a pledge of anticipated receipts from such gasoline or other fuel taxes to be distributed to such county as herein provided, but not at a greater rate of interest than said bonds now bear; and to issue, sell or exchange on behalf of any county or unit for the sole purpose of retiring said bonds issued by such county, or special road and bridge district, or other special taxing district thereof, gasoline or other fuel tax anticipation certificates bearing interest at not more than three (3) per cent per annum in such denominations and maturing at such time within the fifty (50) year period as the board may determine. In addition to exercising the powers now provided by statute for the investment of sinking funds, said board may use the sinking funds created for said bonds of any county or special road and bridge district, or other unit hereunder, to purchase the matured or maturing bonds participating herein of any other county or any other special road and bridge district, or other special taxing district thereof, provided that as to said matured bonds, the value thereof as an investment shall be the price paid therefor, which shall not exceed the par value plus accrued interest, and that said investment shall bear interest at the rate of three (3) per cent per annum. Section 9. When appointed, the members of the board shall qualify by filing with the Secretary of State an oath to support and defend the Constitution of the United States and the state of Florida and to fully perform the duties of their office.

Section 10. The civil service board upon its organization shall elect one of its members as chairman. The civil service board may employ one person to serve as secretary of such board. The secretary shall perform such duties as may be required by the civil service board and this act. The salary of the secretary shall be set by the civil service board and paid from the appropriations as provided in Section 27 of this act.

Section 11. Each officer whose employees elect to come under the provisions of this act shall submit to the board a table of organization and a list of officers, positions or classes and the pay scale of each of the officers, positions or classes now existing in the office of each officer whose employees elect to come under the provisions of this act.

Section 12. The board as a body shall have the power:

(a) To adopt and amend rules and regulations for the administration of this act by the unanimous vote of the board. Provided, however, that the rules and regulations for the administration of this act may be adopted or amended by a majority vote of the board with the approval of each officer whose employees elect to come under the provisions of this act.

(b) To make investigations concerning the enforcement

and effect of this act and to require observance of its provisions and the rules and regulations made thereunder.

(c) To hear and determine appeals and complaints respecting the administration of this act.

(d) To establish and maintain a roster of all employees of the classified service and the office of each officer whose employees elect to come under the provisions of this act showing their position, rank, compensation and places of residence.

(e) To ascertain and record the duties and responsibilities pertaining to all positions in the classified service and classify such positions in the manner hereinafter provided.

(f) Except, as otherwise provided in this act, to formulate and hold competitive tests to determine the qualifications of persons who seek employment in any position, and as a result of such tests, establish employment lists of eligibles for the various positions.

(g) To establish records of the performance and a system of service ratings to be used to determine promotions, the order of lay-offs and re-employment and for other purposes.

(h) To keep any other such records as may be necessary for the proper administration of this act.

Section 13. All persons in the employ of the office of each officer whose employees elect to come under the provisions of this act at the time this act becomes operative, who have served for a period longer than six (6) months, to be known under this act as a classified service, shall be retained without preliminary or performance tests, but shall thereafter be subject in all other respects to the provisions of this act. Any other persons in the classified service at the time this act becomes operative shall be regarded as holding their position under provisional appointment.

Section 14. The board, shall, as soon as practical after this act becomes operative, adopt a classification plan and make rules for its administration. The position classification plan, may, if desired, create different classes of positions within each position in the classified service. The position classification plan shall show the duties, authorities, responsibilities, and character of work required of each position and each class thereof if the board sees fit to create such classes. The title of each position shall, wherever possible, be indicative of the duties required of the holder thereof. The board shall determine the requirements of each position and class thereof as to education, experience, capabilities, knowledge and skill. As far as practical, the probable lines of promotion to and from the classes of position shall be indicated.

Section 15. The board shall, upon request of any officer whose employees elect to come under the provisions of this act and by his advise, create new positions or combine, alter or abolish existing positions in such manner as the board acting upon the advise of such officer deems necessary for the effective operation of such office. Provided however, that no position in the classified service be abolished except upon approval of the board acting in good faith upon the advise of such officer.

Section 16. The board shall formulate reasonable rules governing the granting of leaves of absence to members of the classified service in good standing. Except as hereinafter provided, no leave of absence shall be given for more than one (1) year. However, such leaves may be extended with the approval of the board upon the showing of good cause.

The board shall request the advise of the officer whose employees elect to come under the provisions of this act upon any request for a leave of absence before acting thereon, and shall be guided by the requirements of adequate operational efficiency of such office when considering any such request for a leave.

All persons coming under the classified service who shall hereafter be inducted into the armed services of the United States of America, or who shall hereafter enter said service voluntarily, by enlistment or otherwise in time of war or other national emergency shall upon application of the officer involved, receive a military leave of absence for the duration of the period of service required by the order of induction or until the end of the required services in time of actual war or other national emergency, and shall during the period of service, be entitled to all the benefits and privileges of this act, and shall retain all rights of seniority and shall be entitled to re-employment in the same capacity and position they held at the time

of entering said military service; provided, however, that application for reinstatement in such position be made by or on behalf of such employee within three (3) months after termination of active service in said armed forces. Any person whose employment shall have been necessitated because of the fact that some person or persons in the office in which he or she is employed shall have gone into the military service of the United States, shall be classified as a temporary employee and shall be subject to dismissal in the event their services are not required because of the re-employment of such person or persons who shall have been a member of the armed services of the United States as aforesaid. Such status shall not prevent said temporary employee from seeking employment in a permanent position.

All employees coming under the provisions of this act shall be entitled to an annual vacation which shall be accrued at the rate of five-sixths of a work day for each month of service.

After five (5) years service with the office of the officers whose employees elect to come under the provisions of this act, they shall be entitled to receive one (1) additional work day of vacation for each additional year of service in excess of five up to a maximum of five (5) additional days, or a total maximum vacation of fifteen (15) working days, or a total maximum vacation of fifteen (15) working days per year after ten (10) years of service. The annual vacation shall be taken at such time as the employee and the officer employing him shall agree upon. Any employee who works for the officer employing him during his vacation period, shall be entitled to double pay for such period.

Section 17. Each officer whose employees elect to come under the provisions of this act shall keep the board informed by periodic reports of the employment needs of the office and the board shall, as often as required by the necessity of his office, hold tests for the purpose of establishing lists of eligibles for the various positions in the classified service. Such tests should be public, competitive and open to all persons who may be lawfully appointed under the rules promulgated by the board and existing prior to the announcement of the examination. Such rules may set limitations as to residence, age, health, habits, moral character and other necessary pre-requisites for the performance of the duties of the position for which examination is designed.

Promotion tests shall be public, competitive and free to all persons examined and appointed under the provisions of this act and who have held a position for at least one year. In promotion test, efficiency and seniority in service shall form part of such tests. A person who has served less than one year shall not be eligible for promotion tests. All tests shall be practical and shall consist only of subjects which will fairly determine the capacity of the person examined to perform the duties of the position in which the appointment is to be made. Tests may include examination for physical fitness and manual skill. No questions in any tests shall relate to religious or political opinions or affiliations. No questions which are misleading or unfair or in the nature of "catch" questions shall be asked. As many tests shall be held as may be necessary to provide for eligibles for each position and to fill all positions held by temporary appointees. From the results of such tests, the board shall prepare a list of all eligibles for each position consisting of the persons who shall attain such minimum marks as may be fixed for the various parts of the tests and whose general average standing upon the tests for such position is not less than the minimum fixed by the rules of the board and who may be otherwise lawfully appointed. The eligibles shall take rank upon the list in the order of their relative excellence as determined by the tests without reference to priority at the time of the tests.

The board shall grade all tests given and all gradings shall be completed within a reasonable time and in any event not later than sixty (60) days from the date of the tests. No list of eligibles shall be valid after two (2) years. Gradings and test papers for each applicant shall be open to his or her own inspection. An applicant must call any error in the grading of any test to the attention of the board within one (1) month after the posting of the eligible list provided, however, that if a correction is made, such correction shall not invalidate any certification or appointment previously made. Notice of the time, place and general scope of each test and of the duties, pay and experience required for all positions for which the test is to be held, shall be given by the board to each applicant at least one (1) week preceding the test. The notice must be in writing and addressed to the last known address supplied by

the applicant. Notice of promotional tests shall be given as the board may prescribe. It must be in such manner as to give actual notice to all those who are eligible to take the particular test and such test must be given at a time and place to reasonably allow all qualified persons to attend and take such test. Should the time and place of such tests conflict with the working duties of the employee of the officer employing him such officer shall allow such employee adequate time away from his regular duties to enable him to take such tests.

Section 18. Whenever a vacancy occurs in any position in the classified section of any officer whose employees elect to come under the provisions of this act, the said officer shall make requisition to the board for the names and addresses of all persons eligible for appointment thereto. The board shall certify the names of all persons on the eligible list for the position wherein the vacancy exists within thirty (30) days of the requisition to the board. The officer involved thereupon shall investigate each of the five highest on the list of eligibles. The investigation shall cover such matters as residence, age, health, habits, moral character, credit standing in the community, and other pre-requisites for the performance of the duties of the position wherein the vacancy exists. In the event the investigations result in none of the five eligibles being acceptable to such officer he shall investigate the next highest eligible on the list one after another until one of the eligibles investigated is acceptable to him. The officer thereupon shall appoint this person to the position wherein the vacancy exists. The officer shall immediately inform the board of his action. The officer may, at any time he determines that the necessity of operational efficiency so requires, appoint a person without reference to an eligible list, to fill a vacant position or provide temporary additional help on a provisional basis.

The officer shall immediately inform the board of his action. Such provisional appointee shall acquire no rights under the system by virtue of said appointment, and said appointment shall terminate immediately when an eligible person or persons are certified to the officer by the board and accepted by him, or the need for temporary additional help no longer exists. Provided that any person appointed on a provisional basis to provide temporary help shall not be retained for a period of more than six (6) months. Acceptance or refusal of a provisional appointment shall not prejudice, or in any way affect the standing of the person who is an applicant or who shall become an applicant for a permanent position.

No appointment or promotion for any position in the classified service, shall be deemed complete until after the expiration of a period of one (1) year probationary service during which time the officer may terminate the employment of any person certified and appointed if, during the performance thus afforded upon observation or consideration of the performance of his duties, the officer deems said person unfit or unsatisfactory for service in the office. Provided that whenever a position of the classified service is filled by promotion, and the services of the person promoted are terminated by the officer during the probationary period, such person shall forthwith be returned to duty in the former position held by him in the classified service unless such person's conduct during the promotional probationary period has given grounds for dismissal for cause under Section 25 of this act. Any person dismissed during the probationary period shall not be eligible to a hearing before the board. Appointments may be regarded as taking effect upon the date the person appointed reports for duty.

A person certified to the officer who does not report for duty at the time so designated and who does not explain his said failure to report in writing within five (5) days, may be rejected by the officer who shall forthwith notify the board of the action taken and the reasons therefor. The board in its discretion may strike such person's name from all lists of eligibles provided such person so stricken may be reinstated to the list if such person can satisfy the board that the failure to report in the first instance resulted from good cause. If reinstatement is granted, and if the position for which he has been certified has been filled, such person must await his regular turn on the list.

Section 19. All employees in the classified service may be transferred from one position to another in the same class, and not otherwise. Transfers may be instituted only by the officer employing him and shall be permitted only with the consent of such officer.

Section 20. No person within the classified service provided for in this act shall receive anything other than legal compensation for his services.

Section 21. The practice and procedure of the board with respect to any investigation by the board authorized by this act, shall be in accordance with the rules and regulations to be established by the board which shall provide for a reasonable notice to all persons affected by order to be made by the board after such investigation, with the opportunity to be heard either in person or by counsel, and to introduce testimony in his behalf at a public hearing to be held for that purpose.

The board, when conducting any investigations or hearings authorized by this act, shall have the power to administer oaths, take depositions and testimony.

Section 22. No person shall deceive or obstruct any person in respect to his or her right to test under the provisions of this act, or falsely mark, grade, estimate, or report upon the test or standing of any person except in answer to inquiries to the board, any special information for the purpose of either improving or injuring the rating of any such person for appointment or employment. No applicant shall deceive the board for the purpose of improving his changes or prospects for appointment. No person shall solicit, orally or by letter, and no public officer or employee shall receive or be in any manner concerned in receiving or soliciting any money or valuable things from any officer or employee holding a position in the classified service for any political party or purpose whatsoever.

No person shall use or promise to use his influence or official authority to secure any appointment or prospect of appointment to any position classified under this act as a reward or return for personal or partisan political service.

Section 23. Salaries may be increased or decreased by any officer whose employees elect to come under the provisions of this act. Each officer whose employees elect to come under the provisions of this act shall give a report in writing of all appointment, reinstatements, vacancies, absences or other matters affecting the status of any member of the classified service or the performance of duties of members of said classified service. The report shall be in the manner and form prescribed by the board.

Section 25. Each officer whose employees elect to come under the provisions of this act may suspend or dismiss an employee for any cause which will promote the efficiency of the service, upon filing with the board written reasons for such action and giving the person whose removal is sought reasonable notice of the same and of detailed charges preferred against him, and an opportunity to answer the same in writing, and to file with the board affidavits in support of such answer. Notice of the dismissal may be in the form of a thirty (30) day suspension without pay, the dismissal to take effect at the expiration of his suspension period. During the thirty (30) days period of notice, the employee must be given an opportunity for a hearing before the board with all the rights and privileges accorded under Section 21 of this act. All papers filed in the case shall be public records. The board may reinstate the person removed only in case it appears as a result of a proper hearing that the removal was made for reasons other than just cause. For disciplinary purposes, any officer whose employees elect to come under the provisions of this act may summarily suspend an employee for a reasonable period not exceeding thirty (30) days; every such suspension shall be without pay.

Subject to the foregoing provisions of this section, no person holding a position in the classified service shall be removed or discharged, except for cause upon written charges after an opportunity to be heard in his own defense. Such charges may be filed by any officer whose employees elect to come under the provisions of this act, and shall, within thirty (30) days after the filing, be heard, investigated and determined by the board as provided by Section 21 of this act.

Section 26. All records of the board shall be open to public inspection by any citizen under reasonable supervision.

Section 27. The civil service board shall prepare an annual budget and submit same to each officer whose employees elect to come under the provisions of this act. Each officer whose employees elect to come under the provisions of this act, after approving the budget submitted is authorized to pay a pro-rata share of the budgeted expenses of the civil service board out of the fees of his office in the same manner in which other expenses are paid and they shall be considered a necessary expenditure for the proper operation of his office.

Section 28. At any time when it becomes necessary un-

der the provisions of this act for the board to conduct hearings, meetings or requires any other use of public facilities for the conduct of its business, it shall be the duty of the authorities having charge of the public buildings of the county to allow the reasonable use of public buildings and rooms for the holding of any examinations or investigations provided for by this act.

Section 29. No person holding a position in the classified service shall take an active part in any political campaign, or serve as a member of a committee of any political club or organization, or circulate or seek signatures to any petition provided for by any primary or election law, or act as a worker at the polls, or distribute badges, colors or indicate favoring or opposing a candidate for the election or nomination to a federal, state, county or municipal public office, provided, however, that nothing in this act shall be construed to prohibit or prevent any such person from becoming or continuing to be a member of a political club or organization, or from attending any political meetings, or from enjoying entire freedom from all interference in casting his vote. Any person in the classified service violating the provisions of this section shall be dismissed from the service of the office of any officer whose employees elect to come under the provisions of this act.

Section 30. The employees of any officer designated in section 3 of this act may elect to come under the provisions of this act by the method hereinafter set forth. Any such officer may, upon request of one or more employees of such officer, or of his own volition, notify each employee in writing that he desires the employees of his office to indicate their wishes in respect to the applicability of this act to the employees of his office. Such notice shall state that a secret ballot vote of all such employees shall be taken not less than 10 or more than 30 days after issuance of such notice to determine the desires of such employees to come under the terms hereof.

Such officer shall provide ballots for all such employees and shall provide time and space for the casting of such ballots at the time and place provided in such notice. Such ballots shall provide, in clear and concise terms, for such employees to indicate their preference in respect to the applicability of this act to the employees of said office. If a majority of such employees voting cast their votes in favor of the applicability hereof to such office, this act shall thereupon become applicable immediately upon certification of the results of such vote to such officer by a committee designated by such officer to count such ballots and announce the results of such vote.

Section 31. The provisions of this act shall be severable and if any of the provisions shall be held to be unconstitutional the decision of the court shall not affect the validity of the remaining provisions. It is hereby declared the legislative intent of this act that it would have been adopted by the legislature had such unconstitutional provision not been included therein.

The act shall not be held nor construed to create any property rights or any vested interests in any position in the classified service and the right is hereby reserved to repeal, alter or amend this act, or any provision thereof at any time.

Section 32. All laws and parts of laws, insofar as they are inconsistent with this act, or any provisions thereof are, to the extent of such conflict, hereby repealed.

Section 33. This act shall take effect immediately upon becoming a law.
